

# ODK Holds First Post-War Tap

## Ten Honored By Ceremony

Omicron Delta Kappa, national men's honorary fraternity, tapped ten members Monday, April 22, at 11:00 a. m. in Phi Beta Kappa Hall. Chosen on the basis of scholarship and participation in athletics and cultural activities in their first three years of college, the men tapped were Fred Leon Frechette, Jr., Harry Theodore Stinson, Richard Lee Baker, Francis Eastman Clark, Ennis Samuel Reese, Jr., Hubert Arthur Rance, Thomas Lanier Smith, Sumner Goldthwait Rand, Jr., Thomas Michael Mikula, and Fritz Herbert Zepht.

### Dr. Guy Presides

The ceremonies began as the College Chapel Choir sang the William and Mary Hymn when

they marched into the auditorium followed by faculty members of Omicron Delta Kappa.

Dr. W. G. Guy, acting president of the circle, traced the history of the founding of ODK nationally and on the campus of William and Mary. He stated that during the war the local circle suspended its activities and that Monday was not only important because ODK was resuming an active part on the campus, but this year marks the twenty-fifth anniversary of Omicron Delta Kappa at William and Mary.

### Malcolm Bridges Speaks

Dr. Guy introduced the speaker of the day, Malcolm Bridges, secretary of the Richmond Chamber of Commerce. Mr. Bridges is a member of ODK and a former graduate of William and Mary.

At the conclusion of Mr. Bridges' address, Dr. Guy handed the cross

to Dean Lambert who went into the audience and tapped Fred Frechette. Dr. Lambert then led Fred to the side of the stage where his extra-curricular achievements were read to the gathering. This procedure was repeated as each old member of ODK tapped a new member.

The lists of activities read in the tapping follow: Fred Leon Frechette, Jr., Santa Clara, California; Cheerleader; roles in three dramatic productions; Flat Hat columnist; President of Phi Kappa Tau social fraternity; vice-president of the freshman class; Representative to the Student Assembly; Representative to the Men's Honor Council.

### Council President Tapped

Harry Theodore Stinson, Newport News, Virginia; President of Phi Delta Pi Social Club; Flat Hat columnist; Aide to the President;

vice president of the Men's Honor Council.

Richard Lee Baker, Philadelphia, Pennsylvania; Representative to the Student Assembly; Men's Chairman of the Red Cross War Fund Drive; Representative to the Men's Honor Council; Chairman of the Publications Committee; Aide to the President; vice-president of the class of 1946.

Francis Eastman Clark, Franklin, Virginia; President of the Fraternity Association; served with the United States Army Air Forces in New Guinea and the Philippines; Adjutant, Blackwell-Chess Post, Veterans of Foreign Wars.

Ennis Samuel Reese, Jr., Newport News, Virginia; distinguished academic record; twice holder of merit awards for scholarship; Representative to the Student As-

## \$4,500 Fixed As Dance Cost

A \$4,500 budget has been approved for June Finals scheduled to take place on June 7 and 8. Of this money \$3,500 has been allocated for the band, with the remaining \$1,000 for decorations, refreshments and incidental expenses. The Administration has agreed to pay for the Saturday afternoon concert by considering it part of commencement expenses.

Advance ticket sales, which will last from April 22 to May 6 are being pushed, with the goal of 400 tickets to be sold at the end of this two week period. This will amount to \$2,500 and with the additional \$1,000 which the Dance Committee has on hand a band will be contracted. The Administration has agreed to underwrite this contract with \$1,000 still outstanding.

Both students and alumni are being solicited to buy tickets. A concerted campaign is now under way on campus with the Dance Committee and the President's Aides cooperating in the sales. Sorority members have volunteered to make a house-to-house canvass in Williamsburg and also alumni will be contacted in the Norfolk and Richmond areas by special student sales representatives from the College.

On campus the \$6.60 tickets may be purchased at the Information Desk in Marshall-Wythe, in both See FINALS Page 8

## Elections Scheduled Friday For Student Body President

William and Mary's polls will open at 1:00 p. m. Friday, April 26, for perhaps the first heated student body elections since 1942. Members of all classes will cast their ballots for the president of the student body and each class will elect its officers. The polls will remain open in Phi Beta Kappa until 6:00 p. m.

### Council Names Stinson

The newly elected Men's Honor Council named Harry Stinson president at a meeting last week. Harry, prior to his recent election as senior representative, served the Council as sophomore representative, and as vice-president during his junior year. He is the only member who has had previous experience on the Council.

### Other Officers Elected

Bob Jacobs will serve the Council as vice-president and Howard Hyle as secretary during 1946-47. Other members chosen in the elections Wednesday, April 17, are Tom Mikula, senior representative; Bob Wade and Tut Bartzon, junior representatives; and Harrison Tyler, sophomore representative.

### Assembly Petitions Due April 29

Petitions for men and women representatives to the Student Assembly are due in the office of the dean of students by noon Monday, April 29, Nancy Grube, chairman of the Nominating Committee stated yesterday. Elections of the Assembly officers will take place Friday, May 3, in Phi Beta Kappa.

## Fraternity Housing Board Reports On Investigation

Having investigated fraternity housing on three other campuses, a five-man board has prepared a report to be presented at the next meeting of the Interfraternity Council on Monday night, April 29. This report will be presented to the Board of Visitors at its June meeting.

The committee was composed of F. E. Clark, president of the Interfraternity Council; Fritz Zepht, John Hocutt, dean of men and fraternity officer; Harold W. Ramsey, new appointee to the Board of Visitors; and Dr. George S. Shackelford, Jr., chairman of the Board of Visitors committee on fraternities. The group visited Davidson College on April 19, and Duke University and the University of North Carolina on April 20.

## W-M Faculty Evaluates Army College Credits

General principles concerning the evaluation of college credits acquired while in the armed forces were voted on by the faculty on April 16 and are now effective. The Committee on Degrees is authorized to grant a maximum of eight semester credits to a student who has completed the basic training of 13 weeks or has had equivalent experience in the armed forces.

Other principles voted on concern partial credits and their relation to distribution requirements, credit for students withdrawing from college during a semester to enter the services, and relation of military credits earned in the V-12, ASTP, or CTD to requirements for distribution and concentration.

## Point System Referred To Inter-Club Council

Discussion of the proposed point system for William and Mary activities was the chief topic on the agenda of the Student Assembly meeting held Tuesday night, April 18, in the Wren Building. President Fritz Zepht reported that the General Cooperative Committee had referred the point system to the Assembly for reconsideration.

Pat Jones, chairman of the committee on the point system, reviewed the findings of the Central Intercollegiate Association of Women Students, as follows: 1) 16 of the colleges and universities represented have had successful point systems in action for 10 or 20 years. 2) 10 other colleges are attempting to install the plan. 3) The general plan followed elsewhere is similar to the William and Mary proposal.

The following members were appointed as a committee to review the system before referring it to the General Cooperative Committee: Pete Quynn, Jean Beazley, Herbert Bateman, and Carol Achenbach.

## Cafeteria Balloting Today Determines King And Queen Of May Day Formal

King and Queen for the May Day Formal to be held Saturday, April 27, will be decided when students vote today from 12:00 to 1:00 and 5:00 to 6:00 in both cafeterias. The reigning couple will be chosen from the seven boys and seven girls nominated in the elections held Friday, April 19. The remaining six couples will comprise the royal court.

Results of the nominations are Dick Baker, Stan Hudgins, Mel Wright, Harry Stinson, Tommy Smith, Red Wood, and Fritz Zepht for May King and Mary DeVol, Jan Freer, Jerrie Healy, Donnie Lepper, Fran Moore, Ann Vine-

yard, and Bonnie Wolgram for May Queen.

Dr. and Mrs. John E. Pomfret will crown the King and Queen. Two small boys will be crown bearers and two small girls will distribute flowers during the royal procession.

During intermission members of Orchestis will present a dance, and a group of 16 choir members will sing "Smoke Gets in Your Eyes," "Night and Day," and "A Pretty Girl Is Like a Melody." Edward Travis and his orchestra from Newport News will supply music.

A maypole will stand in the center of the small gym which will also be open for dancing. Spring flowers and streamers will decorate both gyms. Refreshments will be served.

## Class Broadcasts Tonight At 7:30

WRNL will carry a broadcast by Miss Phyllis Kendall's class in radio tonight at 7:30. Sumner Rand has prepared the script with the assistance of Clinton Atkinson. The program will show actual occurrences in the experimental workshop of the campus studio.

The group will leave for Richmond on a chartered bus at 1:15 this afternoon. They will rehearse and will be taken to dinner before the broadcast.

Announcer for the show will be Sumner Rand. Included in the program will be a campus news broadcast by Phyllis Palmer and a fictitious commercial for "Timber Toothpicks" by Bill Hux. Sue McGeachin will interview Jinx Stephens (Senorita De Tascos), Wilfred Leach (radio script writer), and Tem Myers (actress, recently appeared in *Ladies in Retirement*). Clint Atkinson will tell the story, *My Empress*.

Mr. Davis, an original radio play by Wilfred Leach, will complete the program. The cast of the play is as follows: Mrs. Powers, Mary McCarthy; Mr. Billingsley, Don Warburton; Mr. Davis, Paris Coleman; Lucy, Helen Fisher; Narrator, Osburn Wynkoop.

Doris Yost and Don Warburton will have charge of sound.

## Petersburg, Eustis Hear Choir Music

Choir members will present a concert at Petersburg High School on Tuesday, May 30. Approximately 50 students will go to Petersburg by bus and sing in the program. A concert will also be given at Fort Eustis on Thursday, April 25, under the auspices of the Red Cross.

The program to be presented at Petersburg and Fort Eustis is as follows: Chorales from *Jesu Priceless Treasure* by Bach, *Gloria Patri* by Palestrina, *Cherubim Song* by Bortniansky, *Salvation is Created* by Tschernokoff, *Open Our Eyes* by Macfarlane, *Emitte Spiritum Tuum* by Schuetky, *The Lord's Prayer* by Gretchaninoff, *Alleluia* by Thompson, *Alleluia: Christ is Born* by Kopyloff, *A Russian Easter Alleluia* by Gaul, *Echo Song* by di Lasso, *Lullaby of Life* by Leslie, *Deep River*, negro spiritual, *Ride in the Chariot*, negro spiritual, *Song of the Russian Plains* by Knipper, *Cindy*, American folk-tune, and *Sing Your Songs* by Cain.

## Three Mortar Boards Gain Academic Honor

Eleven women received notification of their election to Alpha Chapter of Phi Beta Kappa on Monday night, April 22. They will be initiated in a ceremony in the Dodge and Apollo Rooms of Phi Beta Kappa Hall at 4:00 p. m. on Tuesday, April 30.

The members-elect are Jean Olive Beazley, South Orange, N. J.; Julia Atwater Bristow, Norfolk, Va.; Alice Jeannette Freer, Ashland, O.; Mildred Gaito, Moonachie, N. J.; Henrietta Louise Kapler, Tuckerton, N. J.; Phyllis Joyce Laskey, Milan, Mich.; Elise Marie Leidheiser, Bogota, N. J.; Ruth Sharon McCloskey, Upper Darby, Pa.; Mary Parmelia Pauly, Washington, D. C.; Harrie Marilyn Phillips, Scranton, Pa.; and Betty Jane Relph, Gary, Ind.

Three members of Mortar Board are among the new members of Phi Beta Kappa: Jean Beazley, Jan Freer, and Pam Pauly. English major Jean, has

Jan Freer, a sociology major, was chairman of the Women's Honor Council for the past year, president of her class in her sophomore and junior years, and secretary of the Student Assembly. Pam, president of Mortar Board, YWCA, and Alpha Chi Omega sorority, is a psychology major.

Library Science major Millie Gaito was president of Phi Mu sorority, vice president of the Library Science Club, and a member of the YWCA cabinet and the Catholic Choir.

Henzie Kapler is an economics major. She was treasurer of Chi Omega sorority for two years and business manager of the *Colonial Echo*. Phyl Laskey, a law major, has activities including member- See PHI BETA KAPPA Page 7

## The Dice Are Loaded . . . .

## . . . . On Your Side

There is no gamble involved in the question of students buying tickets for June Finals this year. The question is whether we will or will not have the dances. Four Hundred tickets must be sold by May 6 to guarantee that we will have the dances we want. To make the week end a success the dance committee is going to give us the best or nothing at all. There is no half-way decision in the matter. If the necessary number of tickets has not been sold in two weeks, the money will be refunded and there will be no dances. Buying tickets now is to our advantage, not only in money saving, but in reviving a part of college life that has been dead for four years.

Student cooperation, support, and spirit is being given a real test to put over the advance ticket selling campaign and to make it a success. It is a common fault of most students that they do a lot of talking about what they want. But when the crucial moment comes, they fail to make good the realization of their demands when they have the opportunity.

Finals, such as are being planned for this June, are what we have been clamoring for. We must not let this be another instance of all talk and little action. Now is the time to prove that we know what we want. The responsibility of success lies with us.

Buy your ticket now!

## Women Ask For . . . .

## . . . Sun Bathing Areas

Real "southern" weather has hit the campus the past week and with it has come the annual problem of sun bathing.

In the past four or five years the American medical and social world has developed a new attitude toward sun bathing. Most American occupations, among which college study ranks high, keep people indoors and fairly inactive for most of the year. The first days of good strong sunlight before the accompanying humid, close feeling of summer draws all of us out-of-doors. Today, sun bathing is accepted and praised for its obvious benefits.

Places for sun bathing, granted, should not be too public. Women students understand this and are glad to comply with the rules as long as there is sufficient legal space for them to use. So far the garage behind the Pi Phi house and the roof of Barrett porch are the only places provided for some 600 women to relax in the sun. No wonder the girls are beginning to hunt new spots; there just isn't enough space to go around.

About this time a year ago the same problem arose. Members of the Administrative staff were informed of the difficulties and promised to look into the matter and recommend some more appropriate areas for sun bathing. The idea appears to have progressed no further.

One good suggestion would be the further designation of the secluded area back of the stadium. Certainly there are other possibilities that could be discussed. Here is a small matter in which the students and Administration could launch a program for renewed cooperation.

## William and Mary Go-Round

By FRED FRECHETTE

While idly thumbing through the pages of a borrowed "Newsweek" in the Wigwam one day last week, I came across the following passage. It is a letter to the editor signed "Former College Professor," and contains some interesting statements, to say the least:

### Teacher Reaches Conclusions

"After many years as a student and teacher in the public schools and institutions of higher learning, I have reached the conclusion that there are six basic faults with our educational institutions; such faults can be laid largely at the doorstep of the institutions themselves. These faults are as follows:

"1. Poor leadership. Too much weight is placed on 'proper credentials' in selecting administrators and not enough on 'known abilities.'

"2. Low quality of faculty members. The American school system has become largely a 'hide-out' for eccentrics, mental and social deficients, and failures in business.

"3. Inadequate salaries. The low salaries quickly discourage the capable, well equipped men and women, thereby causing them to give up educational work and seek places in industry or business.

"4. Failure to provide a high-type, usable education. The educational programs are seldom geared to the needs of the individual students.

"5. Lack of suitable facilities. 'Campus slums' can never be an honorable adjunct to any school.

"6. Ill-treatment of students. Schools often charge for services which the student never receives, and the funds, created for specified purposes,

are misapplied. In many instances housing for students is little less than abominable and yet many institutions pay scant attention to it."

### We Have Our Faults

Look around this campus and see for yourself. In varying degrees, William and Mary has all of the faults which this "Former College Professor" has found with our entire educational system. Ours is not the only college in the country. If anything, we are more fortunate than a great many others . . . but our college has some of those faults, and serious faults they are!

\* \* \* \* \*

The men who become college professors are not all "eccentrics, mental and social deficients, and failures in business." A great many of the members of our faculty are extremely able, conscientious men. I have nothing but admiration for them.

To become a college professor today, a man with ability must possess not only a graduate degree, but an extremely high type of courage. His respect for ideas, his love of his fellow men, and his belief in the need for teaching must be great enough to enable him to forego the more lucrative fields of endeavor.

### Able Men Are Overworked

If a professor is an able man, as many of our professors are, he must shoulder a heavy burden of duties, classes, and irksome detail. He is overworked . . . our most able faculty and administration members have so much work that their general efficiency is lowered . . . and he is underpaid.

It is a travesty upon the value of higher education that a state-supported school such as ours be unable to pay its employees a salary commensurate with the importance of their position. Here in Williamsburg, with living costs as high as they are, a young professor must struggle to get along on what he earns as a teacher.

We have not, as yet, developed such a rich body of alumni that we could build up our endowment. That, I believe, is what is needed. That is what we who graduate must work for.

### Professors Must Live, Too

The main trouble with our colleges and universities is this lack of remuneration. Certainly it is true here at William and Mary. And that condition, in turn, is due to the carelessness of alumni of all colleges. We must, for the good of our American educational system, remember that fact when we, in turn, become alumni. A college professor is a member of the most scholarly, respected, and honored bodies in the world . . . but he, his wife, and his children cannot eat respect and honor. We must do all in our power to remedy this evil . . . professors have to live, too.

HREID

Ye gods, we must have contracted the wrong Trapp family.

## Homing Pigeon Enterprise Threatens

## As Coeds Mourn Telephone Dearth

By LAURIE PRITCHARD

Lethargy is the by-word of spring; and despite the ever-present need for all sorts of reforms, we find it difficult to expend the energy needed to give the old fight yell "Come Zee Refolooshun." It is by far easier and more enjoyable to consider the possibilities of becoming a charter member of the JYCW or to stroll in Matoaka with the one of the hour.

### Two Telephones!

It is at times like these that we feel especially sorry for the girls who live in Chandler and Monroe. It isn't that they don't have what it takes to be appealing to the average male. They have nice clothes, pretty hair, attractive features (and use Colgate's). But they also have what seems to be an insurmountable problem. They keep asking the fellows "What's Barrett got that we haven't?" The answer is always the same. "Two telephones!"

### "The Line Is Busy"

We admit that some men will walk all the way to Chandler and Monroe to ask for a date. They are the ardent ones. But those who have a casual interest prefer to use the modern means of communication (even at the possible sacrifice of five cents). Their procedure: pick up the receiver, "780, please" or "777 please." The next words are not what they wish to hear but rather what they expect "The line is busy." It comes as an anti-climax (they didn't even have the nickel with them because they knew they wouldn't have to use it).

And then the story repeats itself with always the same answer. We've often thought how intelligent the C&P Telephone company is to have a system where you deposit the coin after your party is reached. Using the other plan think how many nickels would wear out in Williamsburg in a year causing government expense—more taxes—fewer nickels left to wear out (always we arrive at the vicious circle).

### Only Five Minutes

After involved mathematical calculations we find that in 24 hours, each girl is allotted an average of less than ten minutes telephone time. When one goes deeper into the question and figures out the average telephone time between noon and midnight (oddly enough the time most people make phone calls) the figure logically enough is cut in half—less than five minutes. Our problem is "What woman could order a loaf of bread in five minutes, much less accept a date?" It is a blessing that we do not have six hours of Telephone 780 or 777 required for graduation.

One official reply to the request for an extra telephone for Chandler was "Where would you put it?" We can suggest innumerable places in an unemotional way but if necessary we can add a "write-it-in-blood" answer "Put it in a closet, put in the bathtub, or hang it from a chandelier—but by all means GET ANOTHER TELEPHONE."

### Morale At Low Ebb

It is undemocratic to discriminate. And if there is one thing this college stands for it's democracy. We repeat—Chandler and Monroe unfortunates are at a disadvantage to Barrett and Jefferson gals. Their morale is lower . . . and if there is one thing we must have, it is a high morale. We plead, we beg, we supplicate those whose power it is to have telephones installed to act. If they do not we fear the Saturday night theme song will be:

'Phone me once and 'phone me twice  
And 'phone me once again  
You'll get a busy line.

### Cynicism Accompanies Request

And while we're discussing this problem we'll go whole hog and say that even Jefferson and Barrett could use extra telephones. And perhaps the fellows would like an extra one or two in their dormitories in order to begin these very one-sided connections. We, of course, realize that requests such as these are of an extraordinary nature. Past experience has made us believe somewhat cynically that anything so easy to accomplish is of too little importance to be considered by the powers that be.

But if the situation is not remedied soon, we fear that some bright soul with an enterprising mind will start a homing pigeon business. (And you know how pigeons are).

## YWCA Plans Rummage Sale

Plans for two community sings and a rummage sale rank first in the YWCA's list of future activities. An active Child Care Committee is also being organized.

Clothes for all types of campus activity were modeled in a spring style show at the last meeting of the YWCA, Thursday, April 18. Barbara Rommel sponsored the show, and Beth Long served as narrator. Those who appeared in the fashion display were Elsie Cappellmann, Marilyn Wood, Patty Lou Young, Bonnie Green, Gloria Iden, Babs Brown, Barbara Davis, Betty Bauman, Dana Brandes, Marie Hall, Mary Lou Sibley, Jean McCreight, Sharon McCloskey, Barbara Thompson, Sugie Hartnell, Honey Maguire, and Sally Adams. Seniors from Matthew Whaley High School were invited as guests.

A program in which college men and women work during the summer in various cities was outlined. Under this plan, students do work in industry, government, or social service for which they receive room, board, and wages.

Thirty-one members joined the William and Mary chapter, Post 294, of the American Legion, receiving their initiation at a banquet in the Game Room of the Lodge on Wednesday, April 17.

Legion Post Receives Charter

The new Post installed its recently elected officers and received a temporary charter at the banquet.

Presenting the charter was W. Glenn Elliott, adjutant of the state Legion forces, as head of a delegation of state organization officials.

Officers installed were Roderick F. Britton, post commander; Russel Carlisle, vice post-commander; Barry Willis, adjutant; Ed Lodge, finance officer; Mayken Baker, chaplain; Louis D. Bailey, historian; and James Skipwith, sergeant-at-arms.

The charter presented Wednesday night was a temporary one to

## Dot Scarborough Reads Mother Goose Stories

### Library Science, K D Pi President Plans To Teach After Graduation

"I spend most of my time reading Mother Goose stories," said Dot Scarborough, explaining her technique in teaching the first grade at Matthew Whaley. Dot is a library science major and plans to teach after graduation.

Flashing brown eyes are synonymous with Dot, who is president of the Library Science Club, president of Kappa Delta Pi, member of Student Assembly, and senior member of Judicial Committee.

At the Kappa Delta Pi convention which she attended recently, Dot claims that it took the maid 15 minutes to understand her southern accent. However, Dot added, southern accent or not, she found the convention very inspirational and gained from it many ideas for the chapter here.

She loves to swim, and taught swimming as a counselor at camp in Virginia last summer. Ellen Glasgow is her favorite author, and most any time one can find Dot reading her works. Her friends claim that it is impossible to get

her up in the morning, and they say that she has a secret hatred of carrots.

"The banes of my existence are alarm clocks, term papers, and the fact that I can't recognize a soul without glasses," bemoaned Dot.

In high school, in Dinwiddie, Va., Dot was on the student council, French Club, Latin Club, Home Economics Club, and was district public reader for District D in Virginia.

Tall, rugged North Carolina men appeal to her finer nature! And she definitely doesn't want to be a career woman, although she does want to try her hand at teaching for a while, and is now busily engaged in sending in applications for a job to various schools. Dot inherits her interest in the teaching profession from her father, who is the superintendent of schools in Dinwiddie County.

Asked her opinion on the changing world, she said: "With spring here, I think that the Administration should disband school and let everyone go out and commune with nature."

## Sino-American Service Offers Scholarship Aid

Ten scholarships with an annual stipend of \$1,500 each are being offered to American servicemen who have served in the China Theatre by the Sino-American Cultural Service of Ministry of Education of the Republic of China.

Applicants are limited to those college students or college graduates who have served in this theater in connection with World War II and who shall pursue studies in Chinese cultural courses in America and possibly later in China. The scholarships will be available from 1946 to 1949. Application blanks may be obtained in Dean Miller's office. The closing date for all applications is May 31, 1946.

## Balfour Club Chooses Stan Mervis President

Stan Mervis was unanimously elected president of the Balfour Club at a meeting in Barrett living room on April 18 to elect officers and make plans for the coming year. Stan replaces Rita Koppelman, and as president he will attend a conference at the University of Maryland the week end of April 26-27.

Other new officers are Leonard Sands, vice-president; Zella Lowe, secretary; Harry Tanzer, treasurer; and Judy Nevias, historian. Rita Koppelman and Sydney Aaron were presented with keys for outstanding service in the club.

Included in the future activities of the Balfour Club is a picnic to be held on May 5.

## Yo-Yo Commissioners Expound Virtues Of Instrument

By PATTY LOU YOUNG

As I beat my way through the entanglement of yo-yo strings into the office of Melchoir G. Slurch, I heard the happy voices of the students outside singing the Yo-Yo Anthem.

"Got the world on a string  
String around my finger  
When I'm playing with my yo-yo.  
O! O! O! Yo! Yo!  
J. Y. Y. C. W.!"

The song was truly an inspiration, and I found myself humming it as I seated myself at the desk in Mr. Slurch's elaborate study.

Presidentially I was introduced to Professor J. Lightfoot Gootch-Starchey, visiting professor of Yo-Yo Aesthetics. Together, he and Mr. Slurch informed me of the secret workings of the Junior Yo-Yo Commission of the World.

Mr. Slurch began, "The yo-yo has been considered a toy too long. We have definite proof that it has moral and aesthetic implications. That proof centers around the fact that while Michelangelo was putting the finishing touches on the Sistine Chapel he gained inspiration from his yo-yo, which he was never without."

According to Mr. Slurch, Igor Stravinski has written a Symphony Concertina for bassoon, tire pump and yo-yo strings.

The dire yo-yo shortage in Williamsburg has constituted a large problem. This undue shortage precluded having the mass organizational meeting. Furthermore, the G-2 of the club informed Slurch that a sniper had been seen in the vicinity of Barrett Hall and that it was not safe to hold a meeting that day. However, the club is planning a great meeting in the near future. Slurch has invited the combined members of the Philadelphia, Chicago, and Boston Symphony Orchestras to play the Yo-Yo Anthem in the Sunken Garden. Slurch, himself, will conduct them by radar impulses with a specially built yo-yo from the tower of the Wren building.

The Yo-Yo Quarterly, which will come out in the near future,

deals mainly with the "Yo-Yo Dilemma in Hamlet." Critics make the entire problem in Hamlet depend on his desire to avenge his father's death. According to Professor Gootch-Starchey, Hamlet's desire to revenge his father is pure bluff. He pursues Claudius because he realizes his Uncle Claudius knows the whereabouts of his prized Japanese yo-yo (25c), which, he believes was hidden by his father. "If Hamlet kills Claudius in the first act, the yo-yo is lost forever," concluded Professor Gootch-Starchey triumphantly.

While the professor was investigating some original documents in the British Museum, he discovered a soiled yo-yo mark on one of the pages, which proves that Francis Bacon, a confirmed yo-yo player, is the author of Hamlet.

Mr. Slurch and Professor Gootch-Starchey are trying to increase membership in the J. Y. Y. C. W., and build up an international feeling for the yo-yo. So far the honorary members of the organization are Jane Russell, Lillian Russell, and James Russell Lowell. The two founders of the J. Y. Y. C. W. will soon open a drive throughout the country for yo-yos. It is their policy to take yo-yos from children and put them into the hands of adults, who appreciate the true benefit of the yo-yo.

## Debate Club Elects Betty Jane Taylor

Betty Jane Taylor was elected the new president by members of the debate council in a meeting held April 18.

The debaters also named Herbert Bateman Northern Manager, Edith Isele southern manager, June Lochenhour vice manager, and Ken Scott corresponding secretary. It was announced last week by Jinx Stephens that final arrangements have been made for the southern tour of three members of the debate council. Ann Anderson, Nancy Grube, and Ken Scott have been designated to make the trip.

To begin on April 27, the trip from Virginia to Florida is expected to consume four or five days. The debaters will confront the universities of Richmond, South Carolina, Florida, and Virginia, and possibly some other colleges.

## Sophomores Discuss Moonlight Boat Cruise

A moonlight cruise on the James river will be the topic discussed at the sophomore class meeting tonight.

"But if plans fall through," stated Bren Macken, class president, "there will be a hay ride out to Yorktown and a picnic following."

## Bot - E - Talk

Easter has come and gone. The traditional bunny laid a few proverbial eggs and then fled. Cotton dresses again sprinkle the campus. Someone has broken all the lights around the Sunken Garden. Barrett sun-roof harbors peeling bodies from sunrise to sunset. Botty is suffering from a moon burn received last week end. Yep, spring has definitely reared her lovely head.

## Freshman Picnic Finishes Activities

Winding up the year's activities, the Freshman class will picnic at Yorktown on Saturday, May 4, from 1:00 to 8:00 p. m. Negotiations for transportation by the Smith Livery Company of Fort Eustis are under way.

Plans for recreation and refreshments will be made at a special class meeting tomorrow at 7:00 p. m. in Washington 100.

Members of the committee planning the picnic are Joel Sutherland, chairman, Jane Coleman, Jane Oblender, Joan Stout, Virginia Parthenis, Ann Hirsch, and Jackie Freer.

## Psych Gadgets Test Students

"Just be rested and you'll be tested" was the watchword of the Psychology Open House on the third floor of the Wren Building last night, April 23, from 7:00 to 10:00.

Attracted by posters made under the leadership of Marge Williams, guests entered into a series of tests. Score sheets were provided by Barbara Thompson for individual ratings of the 15 tests. Jean Peters and her committee provided refreshments—cold drinks and cookies.

Guests of the Psychology Club tried their skill at color mixture, manual dexterity, reaction time, mirror drawing, tapping, eye-hand coordination, and steadiness. They were also tested by the ergograph, dynamometer, suggestion scales and two-point threshold; and tried puzzle-solving, golf ball dexterity, taste discrimination, and distinguishing between paintings of normal and insane persons. Other exhibitions were shown.

Over 100 faculty members and others received invitations bearing the Club's crest, a question mark enclosed in a triangle, and verses of greeting. Alice Lee Ritchie was in charge of the invitations.

## Mortar Board Tapping Scheduled For May 13

Tapping of new Mortar Board members has been tentatively planned for May 13, according to Pam Pauly, president of the group.

The last two Mortar Board meetings have been concerned chiefly with the election of new members, whose names must be approved by the national society before tapping. A plaque with the inscription "Scholarship Award presented by Mortar Board," made by Max Rieg, is to be presented to the sophomore with the highest scholastic average on the night of tapping.

The members of Mortar Board are also planning to sponsor a Richmond trip to attend a play or concert, which will be open to members of the student body. As yet, no definite plans have been made, and suggestions are being taken as to what event those interested would like to attend.

## Education Fraternity Sponsors Reception

Kappa Delta Pi, educational fraternity, will sponsor a reception for Tidewater Superintendents and Supervisors, when they hold their District Meeting here on May 3. The reception will be held in the Dodge Room. Betty Jane Taylor, president of Kappa Delta Pi, has invited everyone interested in teaching to attend.

## Barbara Simons Leads Wesley Easter Program

Barbara Simons led the Easter program at the regular meeting of the Wesley Foundation last Sunday, April 21. Featured in the program was her reading from Harriet Beecher Stowe's "Hours of the Night."

The Wesley Foundation plans to give a picnic for its members on May 3, at the shelter in Matoaka, although plans for the event are not yet definite.

## Larned Paces Triumph Over Carolina

### Terrapin Nine Defeats Tri-Color Team By 5-1

#### Visitors' Rally In Fourth Inning Productive Of Winning Runs

The Tri-Color baseball team lost its second game of the season on April 18, as the Maryland Terrapins trounced them 5-1 behind the 6-hit pitching of Crauthamel.

The first batters for both sides scored in the initial frame. A walk, an error, and an outfield fly allowed Andrus of the visiting Old Liners to score, but the score was knotted when Post, Big Green batter, was walked, took second on a sacrifice, and came around on Les Hooker's single into left field.

The visitors scored their remaining and winning runs in the fourth inning as ten men came to bat. Cesky started off with a triple, and came in on Brown's single. Crauthamel's double brought in Brown and Flynn, who had walked earlier. Plate's triple sent Crauthamel home for the fourth run of the inning.

Gill, the losing pitcher, allowed no more hits after that, and only one man reached first. Stewart, who relieved him in the eighth, faced six men and set them down in order.

The Indians have three home games this coming week. They play their arch-rivals today in a game starting at 3:15. Saturday afternoon, a game starting at 3 o'clock, the Washington and Lee nine visits Cary Field. They are playing for the first time since 1942. Monday afternoon Camp Peary will be the opponents. They will be trying to make up for the 6-2 loss they suffered a week ago.

### Redmen Lose To Old Liners

Coach Dick Gallagher's trackmen came out on the short end of a 95-31 score at the University of Maryland last Thursday in their opening meet of the season. The favored Terps seized most of the first positions, some second and edged the tribe out the 440 yard dash, 2 mile run, and javelin throw.

Frank Deierhoi took first place in the high hurdles with a time of 17.9, and Henry Blanc jumped 5' 7" to capture first place in the high jump. Ray Lizana hurled the discus 20' 9 1/2" for first place while scoring second in the shot put. Harrison Tyler finished second in the 880-yard dash, Si Nelms was second in the pole vault with a leap of 10' 6", and Bill Harding tied for second in the high jump.

Bob Steckroth came in third in the 100-yard dash, Paul Disharoon in the 220-yard dash and in the running broad jump. John Wilson got third place in the mile race as did Jere Bunting in the 220 low hurdles. Bob DeForest took third in the discus throw and George Hughes in the shot put.

### Tribe Court Squad Faces Army, Navy

With a record of five wins and no setbacks, William and Mary's court aces hit the road this week end to face their toughest competition of the season. They meet Navy, Army, King's Point, and Princeton on Saturday, Monday, Tuesday, and Wednesday, respectively.

This year's victories, plus those of last season, add up to a total of 16 consecutive triumphs. The Indians will be laying this superb record squarely on the line as they meet the roughest opposition that they could wish for.

Very little is known about the 1946 records of this outstanding quartet but Army and Navy can always be counted upon to turn out topflight squads. These schools handed the Redmen their only two setbacks of last year in their first and third matches. Both scores were 6-3.

### Braves Shellack Richmond By 9-0

Taking full advantage of their opponents' poor play and inexperience, William and Mary's tennis team shellacked Richmond, 9-0, on the Tribe's courts last Wednesday.

The victory, third of the season for the Indians against no losses, came after one of the most unequal struggles ever to take place here. The Spiders won only 18 games all afternoon, with 6 of these coming in one contest.

It took Gardie Larned about twenty-five minutes to dispose of Jerry Cunningham, 6-0, 6-0, in the number one singles engagement. He turned in four love games and only two of the others got as far as deuce. Bren Macken repeated this score against Karl Collawn. The activity continued straight down the line as Doll, Galloway, Jim Macken and Rance chalked up rapid victories.

Jim and Bren combined in the number one doubles to route Cunningham and Collawn with ridiculous ease. The Spider duo could win only eight points in the pair of sets. In the second they wilted completely as the Tri-Color brother act permitted them but two points, one in the fourth game and the other in the sixth.

Doll and Galloway encountered almost as little resistance, losing one game. Rance and Miller were extended slightly, winning by scores of 7-5 and 6-1.

#### Summaries:

##### Singles

Larned (W&M) defeated Cunningham, 6-0, 6-0.  
B. Macken (W&M) defeated Collawn, 6-0, 6-0.  
Doll (W&M) defeated Phillips, 6-3, 6-1.  
Galloway (W&M) defeated Cohen, 6-1, 6-1.  
J. Macken (W&M) defeated Point, 6-1, 6-0.  
Rance (W&M) defeated Banks, 6-1, 6-3.

##### Doubles

B. Macken and J. Macken (W&M) defeated Cunningham and Collawn, 6-0, 6-0.  
Doll and Galloway (W&M) defeated Phillips and Banks, 6-1, 6-0.  
Rance and Miller (W&M) defeated Point and Cohen, 7-5, 6-1.

### Squad Loses Two Singles To Gain Fifth Victory

William and Mary's crack tennis squad racked up another victory here Monday as they waxed the University of North Carolina by a 7-2 count.

Gardner Larned started off the shellacking by whipping Harold Mass, Carolina's best, 6-0, 6-3. Larned lost only four points in the opening set. Bren Macken, playing in the number two spot, disposed of S. Daniels by 6-1, 6-4, while Bob Doll was edging out Mel Jordan, 6-2, 0-6, 7-5. Bob Galloway, playing number four for the Tribe,

### Typhoons Win Tidewater Meet

Newport News came out victorious with a 13 point lead over Granby in the Annual Tidewater Track Meet of Virginia which was held Saturday, April 20, at Cary Field. Among the entries were Newport News, Hampton, Maury, Granby, Thomas Jefferson, John Marshall, and Woodrow Wilson.

The final scoring was as follows: Newport News, 56 1/2; Granby 43 1/2; Maury, 21; Thomas Jefferson, 19; John Marshall, 12; Woodrow Wilson, 2; and Hampton, 0.

Newport News and Granby made a fine showing all afternoon and it wasn't until the last two events that Newport News clinched a decisive victory over the latter.

Bell of Maury led individual scoring with 12 points but was closely followed by Haskins of Newport News and Scott of Thomas Jefferson who gathered in 10 points each.

### New Softball Diamond

A new softball diamond has been laid out behind the stadium on the football practice field. The intramural swim meet will be held on May 7th with the deadline for entering set for May 4. The details of the meet will be announced later.

### Indian Netmen Trample Cavalier Squad By 9-0

Despite the absence of Tut Bartzen, the Tribe net squad had more than enough power to cope with the feeble resistance put up by the University of Virginia and pounded the Cavaliers into submission by a score of 9-0 last Saturday at Charlottesville.

Gardie Larned faced Hal Burrows, Cavalier star, in the feature attraction of the afternoon. Burrows, hitherto undefeated, got off to a rather poor start as he lost the first four games. He managed to win two before Gardie took the set. Hal rallied in the second set to take a shortlived 4-1 lead. Larned then put on the pressure to chalk up five straight games, yielding only a single point in the last two, and walked off with the decision.

Bren Macken had a very short workout against Frank Ogden and won an easy, 6-2, 6-0, victory. Bobby Doll and Bob Galloway performed excellently as usual. Doll lost only three games, while Galloway dropped but one. Bert Rance was extended a little, winning by 6-4, 6-3.

Jim Macken figured in the only three-set singles encountered and he had to come from far behind to

turned in the last singles victory with a 6-3, 9-7 win over Stan Gruner.

Gardner Larned and Bert Rance clinched the match for the Tri-color as they turned back Mass and Gruner by a 4-6, 6-2, 6-3 tally. The Macken brothers also turned in a win in the number one slot, as did Doll and Galloway for the final triumph of the day.

The only setbacks came in singles competition. Jim Macken went down before Jim Nicholson, 9-7, 3-6, 6-4 in a hard fought contest, and Bert Rance was defeated 6-1, 6-2 by Don Skakle.

The Tribe's ace number two man, Tut Bartzen, was still out of action with an ankle injury. It is hoped, however, that he will be in shape for the week end matches.

### Mrs. Wightman Of Net Fame Will Visit William And Mary

Arriving on the William and Mary campus tonight is Mrs. George W. Wightman who possibly has held more tennis titles than any other woman player. She will conduct a two-day tennis clinic for elementary and advanced students with a demonstration match scheduled for Friday afternoon.

Residing in Boston, Mass., Mrs. Wightman's tennis record is one of the most notable ever achieved since the game was first founded in the United States. Having held 36 national tournament titles at various times, the former Miss Hazel Hotchkiss also competed in the international Wightman Cup matches against England and won numerous other minor contests throughout the country.

The years 1909, '10, '11 saw the tennis picture dominated by the Bostonian as she "turned the hat trick" by winning all three national titles—singles, doubles, and mixed doubles. At the Philadelphia Cricket Club in 1909 she defeated All Comers including Miss Louise Hammond in the finals and went on to challenge and triumph over Mrs. Maud Bargar-Wallach, the outstanding champion to gain her first national singles title. This was before the challenge round

was abolished as a part of the national championships. The same year with Edith Rotch she copped the national doubles tourney and combining with Wallace F. Johnson she also captured the mixed doubles event. She repeated each performance the next two years.

The Wightman cup donor won the singles championship four times, the last in 1919 against Miss Marion Zinderstein. Perhaps her most noteworthy achievement was her teamwork with Miss Sarah Palfrey (the present national champion Mrs. Sarah Palfrey Cook) to win the national indoor doubles from 1927 to 1933 with the exception of one year—1932. In all the famous racquet wielder walked off with that title ten times. In another division of the indoor slate Bill Tilden teamed with Mrs. Wightman when they won the mixed doubles in 1924.

The New Englanders' triumphs have been for the most part in doubles, since she is a master strategist of doubles court play. Teamed with such players as Helen Wills, Marion Zinderstein, Pauline Betz, Mrs. Sarah Cooke, Wallace F. Johnson, Irving C.

pull it out of the fire. His opponent, Frank Gilliland, came out on top in the initial set and led in the second, 3-1. Jim then rallied, taking five games to even the score, and went on to triumph in the third round, 6-3.

The Macken duo took on Burrows and Frank Gilliland in the number one doubles. Trailing 0-4, the Cavalier team came back to gain three games before bowing. The Indians then romped through a love set, letting only one game go to deuce.

Evidently in the hope of salvaging something from the debacle, Ogden and Bob Rhodes, Virginia's number two doubles combine, were pitted against Rance and Rollo Miller in the number three spot. This fracas turned into a marathon and continued for at least an hour and a half, long after the remaining players had showered and dressed.

Rance and Miller came out on top in the first set and lost the second. They led in the deciding round by 3-0, 4-0 and victory seemed assured. Rhodes and Ogden then got back in the game with a vengeance and pushed the

## Pi Phi and Tri Delt Lead Sorority Softball League

After the first week of softball intramurals, Pi Beta Phi, Delta Delta Delta and Chandler are leading in their respective sorority and dormitory leagues.

Chi Omega scored 16 runs in its opening game to defeat the Kappa Delta team, which rang up 6 runs, to give Chi O its first victory. With the whole team adding to the total score and Lucy Jones, pitcher, keeping the K D's number of runs to its minimum, the Chi O's lead was as never threatened throughout the game.

On the same day the Kappa Kappa Gammas were able to rack up 31 runs in order to clinch their game with Phi Mu. Especially good fielding and pitching kept the Phi Mus from acquiring more than three runs during the whole match.

A good defensive Pi Beta Phi team prevented Alpha Chi Omega players from crossing home plate in their initial game on Tuesday. The winning team chalked up seven runs, Janet O'Donoghue being high scorer.

On Wednesday Tri Delt defeated Gamma Phi Beta by a score of 22-4. By keeping the bases full throughout the match, the winners were able to mark up this total. Gerry Brown, Tri Delt pitcher, with the aid of a good defense was able to keep the Gamma Phis from scoring more than four runs.

Chandlerites, sparked on by Tommy Smith, aggregated 19 runs in their first game against Jefferson. The losers scored 13 runs, trailing the victors in the entire contest.

Wednesday also saw a deadlock between Barrett and Monroe, each team taking in 20 runs. The Chi Omega second team defeated the Tri Delt second team 31-0, never allowing its opponents to pass second base.

## W-M Co-eds Enter Telegraphic Match

The Seventeenth Annual Women's Inter-Collegiate Telegraphic Archery Tournament, in which William and Mary will compete with many United States colleges, will be held here during the week of May 11-18. This tournament will be held not only nationally but also by districts. William and Mary will shoot against teams from colleges all over the South.

An archery team consists of eight shooters. Each member of the team sends in the results of the best Senior Columbia Round she shoots during the contest period. The tournament for the locals will be supervised by Peggy Walker or Miss Gladys Milliken, physical education instructor.

## Wightman

(Continued from Page 5)

Wright, and Tilden, Mrs. Wightman has won 29 major doubles titles. It can be safely said she has played with or against every player of any repute since 1909.

A member of six United States Wightman Cup Squads, Mrs. Wightman when paired with Helen Wills in 1924 defeated the English duo of McKane and Colyer 2-6, 6-4, to chalk up the only U. S. win as England eventually walked off with a 6-1 decision. The Wightman-Wills team also won the British Women's Doubles crown the same year.

Several years ago on the West Coast an umpire jokingly proffered the remark he bet Mrs. Wightman couldn't win a match she was about to play against a younger opponent without losing a point! She DID just that and today it is one of the top facts in Robert Ripley's "Believe It or Not."

In 1939 on the thirtieth anniversary of her winning her first National Championship the Service Bowl was created as a living testimonial to Mrs. Wightman's contributions to the game of tennis. The following quotation was taken from an article by a famous sports writer concerning Mrs. Wightman's activities—"Pre-eminent as a player, she has also spent many useful years in teaching our youngsters not only how to improve their strokes, but also fair play, thoughtfulness of others, and an unselfish devotion to the game."

## Net Squad Meets Sweet Briar Team

William and Mary's coed net squad will open its season by playing hostess to Sweet Briar College this Saturday, April 27.

Although the two schools have met each other in athletic events rather recently, the tennis competition has lagged behind the other sports. The two net squads last engaged one another back in the 1920's, but since then the competition has been discontinued.

Not much is known about the caliber of the Sweet Briar squad, but according to Coach Martha Barksdale the Squaws stand a good chance of being victorious in their initial tournament. "This is undoubtedly the strongest team we've had," stated Miss Barksdale; "I hope they'll hold up."

Playing in the number one position for William and Mary will be Elaine Passow, who plays a calm, driving game. Passow probably will play on the first doubles duet.

The number two singles is still in doubt with Coumbe and Pat Macken battling it out for the position. Barbara Davis will hold down the fourth place, while Manager Marge Oak and freshman Hunt Cromwell rival each other for the number five post. Libby

Kappa Alpha Theta lost to Pi Beta Phi Thursday when Pi Phi chalked up 26 runs to Theta's 10. High scorer for the winners was Beegee Grant, who crossed the plate four times during the game.

Delta Delta Delta defeated Kappa Kappa Gamma by scoring 14 points over the opposing team's nine. The first three innings were scoreless; then Tri Delt began chalking up runs. Polly Krotts hit a home run and a three bagger, bringing in five runs, thus giving the victors the needed winning points.

Also on Thursday the Kappa Deltas won their game from Alpha Chi Omega 12-11. Pitcher Peggy Burdick was hit home by Ginny Jewell, thereby scoring the winning run.

Friday saw Phi Mu slugging out a victory over Gamma Phi Beta. The score was 22-5. Kappa's second team, at the same time, held the Chi O third team down by scoring 17 runs to their opponents' 11.

Barrett met defeat when it played its second game against Chandler Hall. The winning team chalked up 31 runs with Grace Kern and Betty Borenstein hitting home runs. Barrett players scored only 14 runs due to the excellent defensive fielding.

## Instructor Ratings Given In Water Safety Course

Instructor and Refresher courses of the Water Safety Corps were completed last Friday night with three students passing the instructor section and three successfully renewing their appointments.

Dr. Caroline Sinclair announced Virginia Whittemore, Elizabeth Mylander, and Bob Trigg were given appointments. Eleanor Lang, Harriet Hochstrasser, and Josephine Hubbell were awarded re-appointments.

Co-ed varsity swimmers have completed an undefeated intercollegiate season and will be awarded swimming monograms. Those who will receive monograms are: Marty Adams, Pat Arnold, Jean Bevans, Joyce Wilck, Jo Hubbell, Marge Williams, Jane Oblender, and Jackie Freer. Jo-Ann Prince will receive a managers' monogram.

# Student Easily Overcomes Landing, Take-off Difficulty

By FLETCHER COX

This past week has been one of constant amazement both for me and for my instructor, Mr. Perney. After the horrible steep turns I had previously executed, he seemed reluctant to have me try them again. Try them I did, though and with results that were far beyond my wildest expectations. When asked to execute a 360 degree steep turn to the left, I managed to turn at the precise angle called for, and ended up flying in the same direction. At that, Mr. Perney turned around in the

front seat with a look of dumb founded amazement upon his face, and said, "That one was very good —now, try one to the right." I did, and with similar results. My coordination exercises were good, too, after I once settled down from my jubilation at having done such a good job of steep turns. Stalls went off nicely, too; and I left the airport feeling very good.

On Thursday, Mr. Perney said that it was time for me to start take-offs and landings. I followed him through on the controls on the first take-off and landing, and then he let me try it. Although they lacked perfection, the take-offs and landings were a lot better than expected. My second landing was rugged, because I didn't hold the stick back; but the third was all right. Maybe, after hours of sweating it out in the air, I've finally learned how to handle the Cub.

Before my lesson on Thursday, Bill Thomas and I went out to the field and rented a Cub. We flew over the College; and, upon looking down at the buildings from the air, discovered many coeds sunbathing on Barrett roof. Flying has vast potentialities.

Literary activities comprise the bulk of English major Lee Leidheiser's extra-curricular work. She is class poet and editor of the *Royalist*, and acted as vice president of Chi Delta Phi, honorary literary sorority, for the past year.

A physics major, Sharon McCloskey's activities largely lie in the field of fine arts. She has participated in the work of the Orchesta, Dramatic Club, Backdrop Club, Scarab Club, German Club, and YWCA. B. J. Relph, who is a member of the Choir, YWCA, German Club, and Red Cross, has her academic concentration in the field of business administration.

Julie Bristow attended Sweetbriar and the Norfolk Division before she transferred to William and Mary in the middle of her junior year. Majoring in American history, she is a member of the Scarab Club, German Club, and YWCA. Harrie Phillips majors in ancient languages and is president of Eta Sigma Phi, honorary classical fraternity.

# YW Act Wins Jamboree Trophy

"Hot Den-Of-Gossip" given by members of the Y.W.C.A. was judged the best act in the Junior Jamboree, varsity show sponsored by the junior class, on Wednesday night, April 17. The award was a two-foot copper trophy.

Members of the Y.W.C.A. who participated in the parody on dormitory "night life" were Ann Andrews, Babs Brown, Macy Diggs, Fran Fleming, Jay McQuat, and Peg Thompson. The scene was a girls' dormitory room and the girls were dressed appropriately in bright colored pajamas. The dialogue consisted of burlesquing life at William and Mary. The six girls concluded their skit by singing "Her Mother Never Told Her."

R. Wayne Kernodle, professor of sociology, was master of ceremonies and introduced the 11 acts sponsored by various campus organizations.

As an added attraction, the Flat Hat business staff conducted the draw for door prizes. Jim Field presented the following eight prizes: June Finals dance ticket to Dee Isele; carton of cigarettes from the College Pharmacy to Joseph Schuckler; white oxford cloth shirt from Frazier-Callis to Stan Hudgins; sterling pin from Max Reig to Shirley Sprague; gloves from the Williamsburg Shop to Jane Dekker; cake from the Pastry Shop to Mary Barnhart; four Williamsburg Theatre tickets to Nancy Crockett.

Other members in the show, first of its kind since before the war, included: Shortnin' Bread by the William and Mary Chorus; What Made "Planter's" Famous by the Psychology Club; Blues by the Flat Hat editorial staff; Reading—

# Theatre Presents Amateur Premier

**Too Many Husbands** by Somerset Maugham will appear for the first time on the amateur American stage when it is given by the William and Mary Theatre on May 1 and 2. This is affirmed by a letter from Mr. George Freedley, curator of the theater collection of the New York Public Library, to Miss Althea Hunt, director of the play. The letter states, "... we do not find that any amateur group in this country has undertaken a production of Somerset Maugham's play."

The box office of Phi Beta Kappa Hall will be open for the purchase of tickets Monday through Thursday, 2:00 to 6:00 p. m.

# Chemists Give Magic Show

"Our purpose is not to mystify, regardless of appearances," says Dick Bicks, who is in charge of the Chemistry Open House.

The Open House, featuring a Magic Show, is under the auspices of the Student Affiliates of the Chemical Society of America, and will be held from 7:30 to 10:00 p. m., Friday, April 26, in Rogers Hall.

In the main hall, general information will be dispensed from a booth where all visitors are required to sign the register with a "mysterious pen" which has a tendency to write in unexpected colors.

Experiments run by chemistry students will be carried on in five of the laboratories. Cellophane, rubber, orangeade, and rayon are examples of the chemical compounds which will be made. Still other experiments will be typical of everyday work in the laboratories.

At 9:00 p. m. a Magic Show will be presented in the main lecture room on the second floor. The theme of the show is, "Appreciation of Williamsburg Water."

Refreshments also will be served during the evening.

SUPPORT JUNE FINALS NOW!

Students - Faculty

Air Views On Finals

Current conversation in the cafeteria lines, class rooms, library, and post office crowds is filled with discussion about the end of school and the legendary finals. From the freshmen to the seniors, the whole campus is ablaze with the desire to see this pre-war landmark return in all its glory to William and Mary. The students attitude toward the finals is expressed by the following:

**Tommy Smith:** "I think the idea of having pre-war finals is excellent, but the administration is showing a definite lack of faith in the students by not backing he dance and is limiting their chances for a successful dance."

**Bev Rose:** "It isn't fair to make the students buy tickets for the dance with no idea of what band we'll have, and no guarantee from the administration that we'll have a top band."

**Mel Wright:** "It could be the biggest affair of the year if the college would co-operate with the students. The catch in buying tickets now is that you are taking a big chance because there is no proof of the caliber of band that will be engaged."

**B. J. Taylor:** "It could be the

biggest thing the class of '46 will see if the students and administration will combine forces to give all-out support!"

**Jim Field:** "With what little I do know about the June finals, it seems that we, the students, aren't getting sufficient cooperation considering that this is the crucial year in re-launching the peace-time program."

**Jim Fitzpatrick:** "I think that without the administration guaranteeing the finals, it seems that they can hardly expect a great sale of tickets to an event whose characteristics are unknown."

**Dick Baker:** "I was sorry to see that the administration would not underwrite the finals because I'm afraid that it will greatly reduce the possibility of getting a first class band."

**Bucky Hyle:** "Finals are a perfect way to end school; but the administration has to back the students in order to have the students back them."

**Doc Ware:** "As the administration is not going to back the finals, it will be necessary for all of us to get in there and push so that they will be a success."

Faculty members who have had the opportunity to observe past Finals were asked to express opinions concerning the present issue.

**Harold R. Phalen:** "My opinion is that Finals should be financed in the autumn and then you are in a position to bargain with a band. I think the administration is on sound financial ground when they refuse to sign a contract. At present there are three alternatives, student cooperation with a big name band, a band of lesser importance, and no Finals at all. In which case I think the students should cooperate."

**G. Glenwood Clarke:** "The attempt began too late in the season without sufficient support. My personal suggestion would be for restoration of the dances with alumni support which is too late for this year."

**Douglass G. Adair:** "If the students really want a name band they can get it. Between having the students gamble and the administration gamble, I think the students should. Looks like a case of free will and self-determinism for the students."

**Dorothy Hosford:** "I would like to see a big Final Dance similar to those before the war. I think the students should support it and I know many alumni are planning to attend."

**Thomas E. Thorne:** "I think if you could go to Mr. Duke with a list of 500 names of students who will buy tickets that the administration might be willing to gamble on it. You could ask the financial support of the College for this year with the agreement that if it does not work you will never ask their cooperation again."

large and small cafeterias, and in the lobby of Phi Beta Kappa Hall. They may also be obtained from President's Aides and Rux Birnie, chairman of the Dance Committee. The special \$6.60 price will be in effect for two weeks; at the end of this time they will increase to \$7.70.

Rux is contacting Pumphrey and Allsbrooke, booking agents in Richmond. At the present time there are four bands on the East Coast who are in the \$3,500 price range. They are Charlie Spivak, Claude Thornhill, Stan Kenton, and Xavier Cugat. According to Rux, unless a band of this calibre can be obtained, the Finals will not be held and money will be returned to subscribers.

To The Student Body:

April 22, 1946 \$400.00.

There can and will be Final Dances provided the students get behind the movement and support it to the extent of purchasing a sufficient number of tickets to pay the asking price for a name band of the caliber of Tommy Dorsey, Charlie Spivak, Claude Thornhill, or Stan Kenton.

The Budget necessary to put on Final Dances is set at \$4,500. This is broken down into a budget of \$3,500 for a band, and \$1,000 for decorations, refreshments, etc. The latter amount is now on hand in the Dance Fund, leaving the music budget to be met by the sale of tickets.

The College Administration has agreed to absorb the expense of the Saturday afternoon Concert, provided that it does not exceed

An advance sale of tickets, at a reduced price of \$6.60 will continue through May 6. On that date if 400 tickets (\$2,500) have been sold the committee will seek to sign a contract with one of the afore mentioned bands. However, if at the end of this period \$2,500 has not been received, total price reimbursement will be made to all persons havin gpurchased tickets during the advance sale, and there will be no Final Dances as part of Commencement week end.

It is up to us, the people who will profit from these dances, to get behind them with financial support, and provide for the return of one of the traditional William and Mary social functions.

Ruxton Birnie  
Dance Chairman

Past W-M Finals Feature Lavish Colonial Settings

Many agree that the decorations for a dance are a very important element in the all-round success of such functions.

The most spectacular indoor dance in years past was the famed "Midwinters" held in Blow Gym. It is after these dances that the present Finals committee is attempting to pattern the decorations.

Entirely colonial in theme, the bandstand was in the form of a Colonial mansion porch with the traditional pillars. Spanish moss was used lavishly, hanging from the balcony and an artificial sky. A big yellow moon and pillars completed the setting.

For this year's Finals the Dance Committee has already ordered Spanish moss from North Carolina and permanent props such as pillars and fences will be made. An estimated \$600 or \$800 will be spent to achieve as good or better decorations than past years have seen.

2:00 A. M. Set As Dance Limit

In response to a proposal of the Women Student's Government, the faculty voted at their April meeting in favor of granting four 2:00 a. m. permissions per year.

Since this petition was approved, the Friday night dance of June Finals will be from 10:00 p. m. to 2:00 a. m. Because of state laws, the Saturday night dance will end at midnight.

Dr. Pomfret stated in his letter that "It is my understanding that there will be no more than two such dances during the first semester, and two, including the June Final, during the second semester. Such dances may go on until 2 o'clock providing the band continues playing until that time. Should the band cease playing at any time before 2 o'clock the dance will be regarded as having terminated at such time. For example, should the orchestra be hired to play until 1 o'clock, the time of termination of the dance will be 1 o'clock."
